Report of Principal and School Improvement Council

Pageland Elementary School provided an engaging, and challenging curriculum that encouraged our students to high achievement. We provided a caring, nurturing environment that integrated character education in every area of learning.

We implemented Rockin' Reading as well as continued to use Calendar Math as review of math and ELA concepts. Our faculty also used MAP data and class assessments to effectively plan instruction. As a result, teachers were able to work with small groups of students to address specific areas of need.

The school's professional development plan was revised to meet the needs of the literacy and math teachers. Teachers met weekly for professional development and common planning schedules allowed the teams to meet weekly to collaborate and plan instruction. Teachers attended numerous workshops within the district and conferences in order to keep abreast of the latest research and best practices. All teachers at Pageland Elementary School are highly qualified and fourteen of our teachers have advanced degrees.

School initiatives at Pageland Elementary School are our academic achievement recognition, end of the year academic banquet, character education program, Snack Pack program and our South Carolina History Night. We also provided Parent Academies that focused on reading, writing, math and character education.

As service projects the students and staff contributed to area charities including Relay for Life and various food donation ministries. We also initiated a recycling project that was run by our special needs self-contained classes. The PTO, SIC, community /parent volunteers and police department continued to play a vital role at Pageland Elementary School as evidenced by the fact that we have had the most volunteer hours for our district five out of the last seven years. These efforts show that community collaboration is imperative to school success. Pageland Elementary School continues to be a caring, community school that promotes the development of the "whole child".

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
